CATON VINEYARD -----

Located in the foothills of Sonoma Valley, the Caton Vineyard is defined by its sustainable farming and belief that healthier vineyards produce unique and distinctive wines. The vineyards have multiple sun exposures, soil types, and vary in altitude over 300 feet between each other. Our meticulous farming practices showcase the love for our land and our passion for the wines that come from it.

2021 VINTAGE NOTES -----

The 2021 harvest is reported to be one of the best vintages in recent harvests for Northern California. The ongoing draught presented some challenges -- limited rainfall and warm growing conditions throughout the summer months resulted in a speedy harvest with lighter yields. The conditions brought smaller berries with exceptional-quality and concentrated flavors.

Ty Caton Vineyards is committed to producing the finest wines made from the highest quality grapes and wine-making dedication at its best. Our limited production allows us to handcraft wines with varietal intensity and balance.
